L-type ENGINE TUNING PARTS

L-Shaped Lightweight Retainer

Supports high loads and high speed rotations!
Lightweight and durable, and comes with various offsets to suit the spring mounting length.
This allows for the best load setting.

Model	Material	Offset	Price/Set
L20-L28	Chromoly	-1.0mm	¥27,000
	Chromoly	STD	¥27,000
	Chromoly	+0.5mm	¥27,000
	Chromoly	+1.0mm	¥27,000
	Chromoly	+2.0mm	¥27,000
	Chromoly	+3.0mm	¥27,000
L20-L28	Titanium	-0.5mm	¥42,000
	Titanium	+0.5mm	¥42,000
	Titanium	+1.5mm	¥42,000
	Titanium	+2.5mm	¥42,000
L14-L18	Chromoly	-1.0mm	¥18,000
	Chromoly	STD	¥18,000
	Chromoly	+1.0mm	¥18,000
	Chromoly	+2.0mm	¥18,000
	Chromoly	+3.0mm	¥18,000
L14-L18	Titanium	-0.5mm	¥28,000
	Titanium	+0.5mm	¥28,000
	Titanium	+1.5mm	¥28,000
	Titanium	+2.5mm	¥28,000

L-Type Lightweight Big Valve

Through joint development with Japan's largest valve manufacturer, we have achieved significant strength enhancement and cost reduction. Produced based on comprehensive test data and advanced quality verification, these valves demonstrate their full potential and prove their high quality under increasingly severe operating conditions. Having passed stringent inspection standards for materials, forging, precision machining, heat treatment, and quality control, our cutting-edge large valves are now complete.

Valve diameter	Total length/mm	Unit	Price
L 6 φ46/38	117/118/119	1Set	¥48,000
L 6 φ45/36.5	116/118mm	1Set	¥48,000
L4 φ46/38	117/118/119	1Set	¥32,000
L4 φ45/36.5	116/118mm	1Set	¥32,000
IN φ46	117mm	1Piece	¥4,000
	118mm	1Piece	¥4,000
	119mm	1Piece	¥4,000
IN φ45	116/118mm	1Piece	¥4,000
EX φ38	117mm	1Piece	¥4,000
	118mm	1Piece	¥4,000
	119mm	1Piece	¥4,000
EX φ36.5	116/118mm	1Piece	¥4,000

L-Shaped Reinforced Seat Ring

Specification	Valve Size	Material (IN/EX)	Price/Unit
L 30	φ46/38	Sintered alloy	¥24,000
L 24	φ42/33	Sintered alloy	¥24,000
L4	φ46/38	Sintered alloy	¥16,000
L4	φ45/38	Sintered alloy	¥16,000

*Please contact us for other sizes.

•Characteristics of sintered alloys:It excels in heat resistance and wear resistance, maintaining excellent performance on the seat contact surface over extended periods even under severe operating conditions.

L-Shaped Reinforced Valve Collet

Model	Quantity	Price/Set
L6 Reinforced Valve Collet	24 Pieces	¥4,500
L4 Reinforced Valve Collet	16 Pieces	¥3,000

Prevents variations in spring set length and engine trouble caused by overrevving or surging,maintaining optimal performance for extended periods.

*The listed price is the base price. Consumption tax will be added separately.
