SR311 U20 PARTS

SR311 Reinforced Mission Mount

The insulator uses reinforced rubber to prevent vibration of the shift lever, enabling smoother shift changes.

Compatibility: SR311(U20 /2000cc)

Price: ¥15,000

U20 Engine Mount (Genuine)

An important part for absorbing engine vibrations. If the rubber deteriorates or cracks, it needs to be replaced.

price ¥4,620 / left and right set

(Updated 2026.11.02)

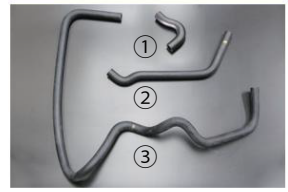

SR311 Radiator hose (mesh)

Specifications: Reproduction of the original mesh specifications

Price: Upper hose ¥3,000
Lower hose ¥4,000

SR311 heater hose

Rubber products are prone to cracking and leaking due to deterioration over time, so regular inspection and replacement are required.

(Updated 2026.04.16)

price ~~¥7,690~~ /set

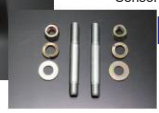

① ¥2,300 (Small)
② ~~¥1,280~~ (Medium) (Manufactured)
③ ~~¥4,110~~ (Large) (Manufactured)

U20 Thermo housing & cover set

Among all the water-related parts, the thermo housing and thermo cover, which are the most susceptible to corrosion and damage, have been reproduced.

Price: ¥17,000/set
*Sensor nut and gasket included

Thermo housing bolt set

Price: ¥1,500 / set of 2
*Total length 65mm, nuts and washers included
(Updated 2025.12.24)

U20 Water Pump

We recommend replacing this part early as it is prone to problems such as rising water temperature due to corrosion of the fins and water leakage from the mechanical seal.

Price ~~¥85,500~~ Under Development

SR311 Radiator & Reservoir Tank Cap

SR311 radiator cap

price¥6,000

*A reproduction of the discontinued radiator cap. It plays an important role in sending coolant to the reservoir tank.

SR311 Reservoir Tank Cap

price: ¥2,970 *Genuine Nissan parts

(Updated 2026.11.02)

Note: This type does not have a pressure release valve. Do not open when hot.

U20 Cylinder block plug (with flange)

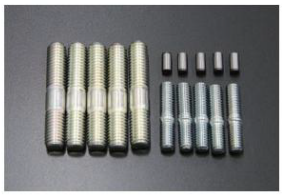

*Diameter 35mm (cylinder block side set of 5)

Price: ¥1,250 / 1SET

¥250 / 1 piece

U20 Cam Bracket Stud Kit

This part is necessary when grinding the top surface of the cylinder head to correct distortion.

Price: ¥5,450 / SET
(Updated 2025.12.27)

U20 SOLEX Rubber Insulator

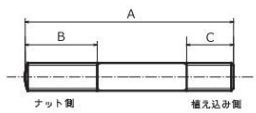

Specifications: Absorbs engine vibrations and prevents cracks in the intake manifold

Price: ¥34,960/4pcs set
Single item : ¥8,740/1 piece

(Updated 2026.11.02)

U20 IN, EX manifold stud bolt

A Total length	B Screw length	C Screw length	Required quantity	Price
43	20	13.5	2	¥430
45	20	13.5	6	¥450
47	20	13.5	6	¥470

(Updated 2025.12.27)

U20 Drain bolt with magnet

This drain bolt uses a neodymium magnet that exerts a strong magnetic force.
It effectively removes impurities (iron powder) floating in the oil, improving the durability of the engine.

Price: ¥2,500

U20 Yoke (Manifold washer)

This is a 6mm thick washer used where the IN manifold and EX manifold are fastened together.

Price: set ¥ 600/4pcs
for one vehicle ¥ 150/1pc

SR311 Fender Mirror (Early Model)

Note) As the mounting hole diameter is larger on later models, it cannot be installed as is.

Price: ¥ 123,600 /set

Single item : ¥61,800/1 piece

(Updated 2025.4.7)

*The listed price is the base price. Consumption tax will be added separately.
