

Shock Absorber

40-step needle adjustable short shock absorber

A high-level 40-stage shock absorber developed exclusively by Kameari to achieve the best performance on the circuit without sacrificing street performance.

The final setting of the suspension, where every tenth of a second counts, will depend on the driving you do, and the 40-stage needle valve will provide the answer to the best damping force with each passing run.

(S30, S130/GC10-210, 510, R30, B110, etc.) *Strut short amount
-42mm 8 clicks per turn 40 clicks per 5 turns

Part Number	Body Length	Stroke	Thread Size
AE92F-AJ	337mm	135mm	Toyota Screw M14 x P1.5

Compatible models: S30, S130 (for front)

Price: ¥30,000/each

Part Number	Body Length	Stroke	Thread Size
Z31F-AJ	362mm	145mm	Toyota Screw M14 x P1.5

Compatible models: GC10, GC110, GC210, R30 (for front)

Price: ¥30,000/each

Hard shock absorber for short struts

*Hard damping type, non-adjustable

This is a short shock to prevent the front shock from bottoming out when the vehicle height is lowered. Equipped with a strut shortening adjustment.

Installation requires work.

Part Number	Body Length	Stroke	Thread Size
92F	337mm	135mm	Toyota screw M14 x P1.5

Compatible models: S30, S130 (for front)

Price: ¥19,000/each

Part Number	Body Length	Stroke	Thread Size
31F	362mm	145mm	Toyota screw M14 x P1.5

Compatible models: GC10, GC110, GC210, R30 (for front)

Price: ¥19,000/each

*Standard reference values (body length/stroke)
•S30379mm / 155mm
•S130.....379mm / 178mm
•GC10.....404mm / 163mm

Shock absorber spacer

A 42mm bottom-raising spacer that allows you to install a 40-step needle adjustment short shock or a short strut shock without any modifications to the standard strut.

Price: ¥4,400/Set of left and right

Fitment:

S30 Front, S130,
GC10, GC110, GC210, R30
KHC130

Rear 14-stage adjustable short shock

(GC10, GC110, KHC130)

In addition to the short specification that suppresses bottoming out during traction, the damping force can be adjusted in 14 stages to meet a wide range of needs from full-scale racing vehicles to street driving.

(Product number: GC10-R14)

Price: ¥22,000/each
