

S30 Lower Arm Bush SET S30 Tension Rod Bush SET S30 Stabilizer Bush SET S30 Rear control arm bush SET S30 Mission cross member SET

GC10 transmission cross member SET S30 differential carrier bush SET GC10 differential carrier bush SET S30, S130 steering damper S30 rack and pinion bush SET

Universal F shock bump stop set GC10 rear shock bush set 510, G610 rear member bush set

Stabilizer diameter (standard size chart)

	front	Rear
S30	18 $\phi$	20 $\phi$
GS30 20 $\phi$		20 $\phi$
S130 early model 22 $\phi$		20 $\phi$
S130 late model 23 $\phi$		20 $\phi$
GC10	19 $\phi$	
GC110	21 $\phi$	
GC210	21 $\phi$	20 $\phi$
R30	21 $\phi$	20 $\phi$
510	18 $\phi$	
G610	21 $\phi$	

Features

- Change from genuine rubber bushings to urethane
  - Quick response handling
  - Especially for sports driving.
  - In braking and cornering,
  - Minimize alignment changes during assembly and the effectiveness of the stabilizer
- It also fully utilizes the power of the vehicle and improves driving safety. I can.

\*Some S30 models do not have rear stabilizers. Please check when ordering.

\*Fits Celica S45-S60, Corolla (Sprinter) S45-S61.

A) Fits Celica S50.10-S53, Corolla (Sprinter) S50-S54. For Celica S45-S50.9, a special order item is available for 13,000 yen.

B) Only compatible with Celica models from S46 to S51.

C) For late 510 lower arms (not for early tapered type)

D) Cannot be installed on S130 power steering vehicles.

E) There are two types: S30 (up to September 1974) and (October 1974 and after). \*The later model of GS30 is suitable.

F) 510 (until December 1971) is ¥15,000, (from January 1972) is ¥10,000.

G) Compatible with S30 and S31 models manufactured after September 1972.

H) Fits 510, 610 only.

I) Cannot be installed on GC211 (S53,8-) vehicles.

J) Cannot be installed on KHC130 power steering vehicles.

[Caution] There are two types of removal for press-fit genuine rubber bushings: one where the entire collar is removed by pressing, and one where only the rubber inside is burned off with fire.

After checking the outer diameter dimensions of the genuine bushing and urethane bushing, please select the removal method.

When ordering, please specify the year and model in detail.
