

KAMEARI RACING METER

100y Smith Classic Tachometer ¥46,000

[Specifications] Type:
Electric Display range: 0 to 10,000
rpm Face plate color:
Black Illumination:
Colorless Outer diameter: 100y

60y Fuel pressure gauge (black & blue) ¥12,000 (reinforced stainless steel mesh hose sold separately)

[Specifications] Type: Mechanical Bourdon type
Display range: 0 to 0.8 kg/cm²
cm Face plate color: Black & dark blue
Illumination: Blue
Outer diameter: 60y

*100y aluminum meter panel ¥2,000

Supports a maximum pressure of 130kg/cm² or more! This reinforced hose boasts outstanding durability compared to conventional rubber hoses. A high-performance hose with excellent pressure resistance, abrasion resistance, and aesthetics, with a Teflon tube as the base and stainless steel mesh wrapped around it. (Can also be used for hydraulic gauges)

Fuel pressure gauge reinforced stainless steel	mesh hose length 2.0m Part number: 190003
Length 1.5m Product number: 190002	¥6,000
	¥6,500

3-way joint	Product code: 190005
	¥2,200 A

60y meter panel	Product code: 190004
	¥1,000

part that is inserted into the middle of the fuel hose and connected to the reinforced stainless steel mesh hose.

52y Oil pressure gauge

¥10,000 (Reinforced stainless steel mesh hose sold separately)

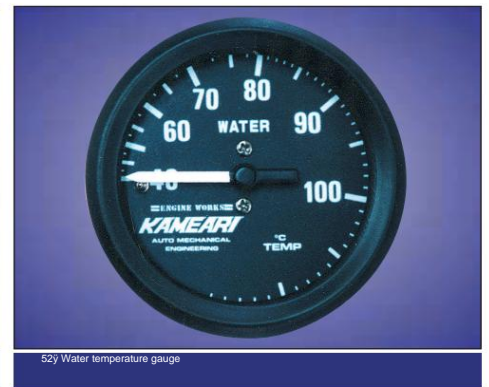

[Specifications] Type ... Mechanical Bourdon type
Display ... 0y10kg/cm²
range Face Black ... Blue
plate color ... 52y
Illumination Outer diameter

52y Oil temperature gauge

¥13,000

[Specifications] Type: Mechanical Bourdon type Display range: Black 50 to 130°C:
color: Face plate Blue Illumination
outer diameter: 52y Sensor: M16x1.5 (length 2m)

52y Water temperature gauge

¥13,000

[Specifications] Type: Mechanical Bourdon type Display range: Black 40 to 115°C:
color: Face plate Blue Illumination
Sensor: M16x1.5 (length 2m)
