

**Oil block**  
 Product number: CONTL  
 Adaptation: L-type, 2TG Price ¥12,000  
 Product number: A-CONTS  
 Price ¥12,000  
 Compatible with: Type A, 4K  
 •Oil cooler removal (PT3/8-  
 y14.5L hose joint) •Oil temperature sensor  
 removal (M16xP1.5) •Oil  
 pressure sensor  
 removal (PT1/8) \*By  
 changing the  
 oil element to a smaller diameter, it can be  
 used with FJ20, L-type, and 2TG.

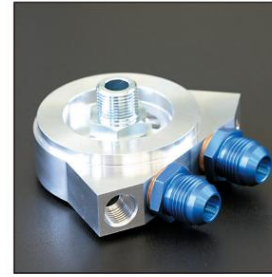

**Oil block**  
 Product number: CONTL  
 Suitable for: FJ20, L-type, 2TG  
 Price ¥15,500  
 •Oil cooler removal (PF3/8-  
 y14.5L hose joint) •Oil temperature sensor  
 removal (M16xP1.5) •Oil  
 pressure sensor  
 removal (PT1/8) \*By  
 changing the  
 oil element to a smaller diameter, it can be  
 used with FJ20, L-type, and 2TG.

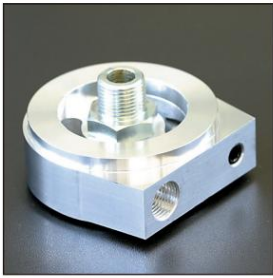

**Oil block**  
 Product number: CONTS  
 Suitable for: Type A, U20, 4K  
 Price ¥15,500  
 •Oil cooler removal (PF3/8-  
 y14.5L hose joint) •Oil temperature gauge  
 sensor removal (M16xP1.5)  
 •Oil pressure gauge  
 sensor removal (PT1/8)

**Oil block**  
 Product number: E-CONT  
 Suitable for: L-type, 2TG, FJ20  
 Price ¥15,500  
 •Oil cooler removal (PF3/8-  
 AN10 for Earls removal) •Oil temperature  
 sensor removal (M16 x P1.5)  
 •Oil pressure sensor  
 removal (PT1/8)

**Oil block**  
 Product number: E-CONTS  
 Suitable for: Type A, U20, 4K  
 Price ¥15,500  
 •Oil cooler removal (PF3/8-  
 AN10 for Earls removal) •Oil temperature  
 sensor removal (M16 x P1.5)  
 •Oil pressure sensor  
 removal (PT1/8)

**Oil block**  
 Product number: NT  
 Suitable for: L-type, FJ20, 2TG  
 Price ¥10,700  
 •Oil temperature sensor  
 removal (M16 x  
 P1.5) •Oil pressure sensor removal  
 (PT1/8)

**Oil block**  
 Product code: NTS  
 Suitable for: Type A, U20, 4AG, 4K  
 Price ¥10,700  
 •Oil temperature sensor  
 removal (M16 x  
 P1.5) •Oil pressure sensor removal  
 (PT1/8)

**Earl's Joint**  
 Product number: PP-AN10  
 Oil block parts Price ¥2,400/1  
 piece Size Male PF3/8-  
 Male AN#10 (Component of E-CONT  
 and E-CONTS) \*Conversion joint that  
 can be used to attach Earls #10 fittings. (Copper  
 washer included)

**Hose Joint**  
 Product number: OB-101K  
 Oil block parts price ¥700/  
 each  
 - Size PT3/8-y14.5 hose joint  
 (For CONT)

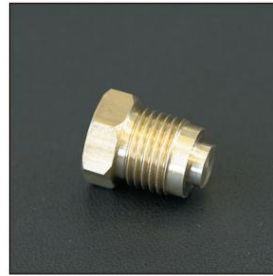

**Hose L-type joint set**  
 Product number: OB-010K  
 Oil block parts price ¥4,800/  
 set [Component parts] y14.5L  
 type hose  
 joint x 2 pcs Single item price ¥960  
 Banjo bolt x 2 pcs Single  
 item price ¥1,200 Copper washer x 4  
 pcs Single item price  
 ¥150

**O-ring**  
 Oil block parts price ¥360  
 Part number:  
 OR-070K-Outer diameter 70y O-ring  
 (For CONT, CONTL, NT) Part  
 number: OR-065K  
 •Outer diameter 65y O-ring  
 (For CONTS, A-CONTS, NTS)

**Centre Socket**  
 Product number: OB-001K  
 Oil block parts price ¥1,800  
 •Screw size 3/4-18UNF  
 (for CONT, CONTL, CONTS, NT, NTS)

**Oil temperature sensor blind plug**  
 Product number: OT-002W  
 Oil block parts price ¥1,100  
 •Screw size M16xP1.5  
 (Copper washer included)

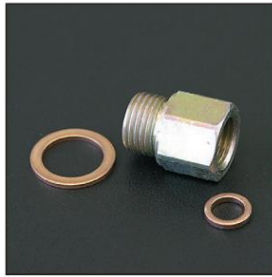

**Copper washer for sensor**  
 Product number: OT-001S  
 Outer diameter y14 Inner diameter y10.2 Thickness 1.5mm  
 Price ¥150  
 Copper washers used for water  
 temperature and oil temperature gauge sensors  
 are replaceable parts.

**Water temperature gauge hose joint**  
 Product number: RW-3616 (for L-type) ¥3,900 Pipe  
 diameter 36y Sensor M16xP1.5  
 Product number: RW-3416 (for 2TG) ¥3,900 Pipe  
 diameter 34y Sensor M16xP1.5  
 Product number: RW-3216 (for 4AG) ¥3,900 Pipe  
 diameter 32y Sensor M16xP1.5  
 Product number: RW-2816 (for A type) ¥3,900 Pipe  
 diameter 28y Sensor M16xP1.5  
 •Put a hose joint between the radiator hoses  
 The mechanical water temperature sensor can be removed.

**Sensor extension adapter**  
 Product number: WT-001BW  
 Male M16 x P1.5 - Female M16 x P1.5  
 Price ¥1,200  
 An extension adapter used when the water temperature  
 sensor hits the bottom when installing it in the original position.  
 It comes with washers and can be installed with a bolt-on.  
 Note) A-type engines use inch threads, so please use a special product.  
 please.  
 Product number: WT-001AW Price: y1,200

**Sensor conversion adapter**  
 Product number: P-47W  
 Male M16 x P1.5 - Female M14 x P1.5  
 Price ¥1,300  
 Used when mounting an Omori  
 oil  
 temperature gauge with a sensor screw of M14  
 x P1.5 to a Kameari oil block. It can be  
 installed with a bolt-on as it comes with a washer.

**Sensor conversion adapter**  
 Product number: P-65W  
 Male M16 x P1.5 - Female PT1/8  
 Price ¥1,580  
 Used when mounting an Omori  
 oil  
 temperature gauge with a PT1/8 sensor  
 screw to a Kameari oil block. Comes with a  
 washer and can be bolted on.

**Sensor Drain Adapter**  
 Product number: OT-007W  
 Male PF3/8-Female M16xP1.5 Price  
 ¥1,350  
 Adapter for removing the oil temperature  
 sensor from the oil pan drain cock with  
 3/8 thread for L-type and A-type. Includes washer.  
 It can be installed with a bolt-on.  
 Depending on the vehicle model and height, attention must be paid to side ground distance.

**Relay nipple**  
 Product number: P-165K  
 Male M10 x P1.25 - Male PT1/8  
 Price ¥1,200  
 Components for reinforced flexible pipes for oil pressure  
 gauges and reinforced stainless steel mesh hoses for fuel  
 pressure gauges.
