

Starter & Alternator

L-type black alternator L-type high power alternator S20 planetary gear starter (For S20, S130, 230/330) L-type planetary gear starter (For L-type, U20, R, RB) L-type reduction starter

IC Harness Kit

This harness kit is used when changing an old dynamo to an IC alternator! It is a bolt-on type that can supply a safe and stable voltage thanks to its moderate resistance and reverse current prevention diode.

L-shaped alternator pillow tension rod

The turnbuckle structure allows for easy fine adjustment of belt tension while preventing the fan belt from loosening while driving.

- Silver anodized ¥10,500
- Gold anodized ¥10,500
- Blue anodized ¥10,500

Adjustment range (127 - 157mm)
