

COOLER kit

For Hakosuka, Kenmeri, Z

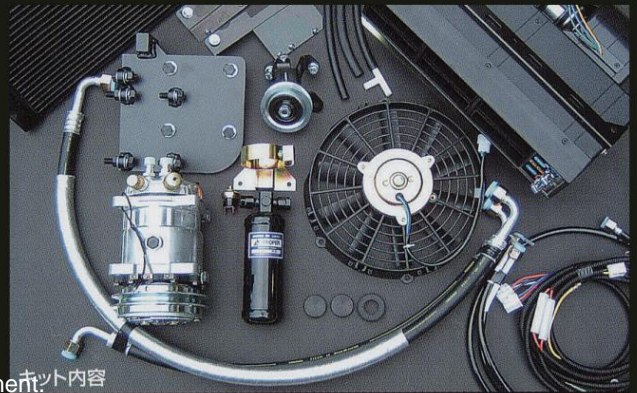

クーラーキット

I'm sure there are people who have been waiting for this for a long time. If it is for the applicable vehicle, installation is almost bolt-on and very easy. It has been through rigorous testing many times, and is perfect in terms of performance and durability.

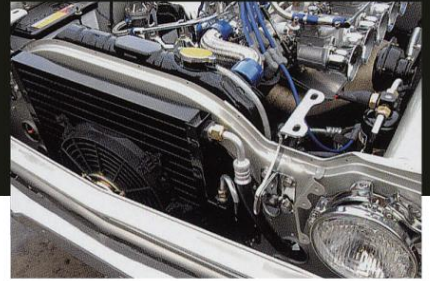

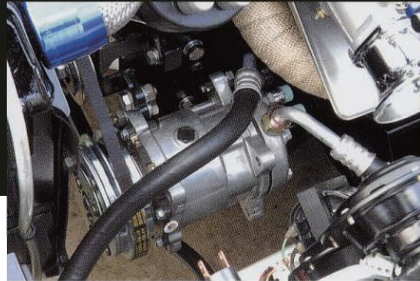

Kit price **¥240,000**
(Installation costs will be charged separately)

Kit

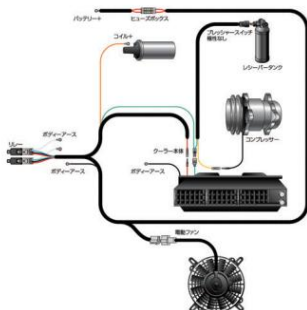

Overview ◻ All new parts! Not rebuilt parts! ◻ Of course, R134 gas compatible! ◻ Naturally, the piping joints are designed to prevent gas leakage. Uses an O-ring type! ◻ Pressure switch protects the compressor! ◻ Newly designed mounting bracket ensures the compressor is bolted on! ◻ Comes with a temperature control volume with 3 levels of airflow adjustment.
