General-purpose baffle plate assembly kit (L type, A type, K type, 2TG, etc.)

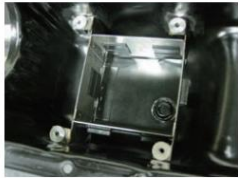

This assembly kit is designed with oil-resistant rubber valves on four sides so that oil can collect inside the box. Depending on the space available, you can create the box by riveting, welding, bending, cutting, etc.

\* Unprocessed plate size:  
length x width 100 x 150 mm, thickness 1.0 mm

Price: ¥10,000

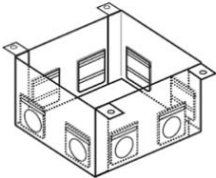

•Plate material: Stainless steel

Example of installation inside of pan

A mechanism that collects oil in the center using a one-way valve

Assembly completed diagram \*Stays for fixing are not included
